

BEAM Plus Familiarisation Training for Contractors (6th Intake)

(84104)

During the demolition and/or construction stages, **BEAM Plus** requires **contractors** to implement a series of good site practices in order to fulfill pre-requisite requirements or attain credits. Those requirements may create difficulties to **contractors** in preparing the necessary documentations to demonstrate compliance. This 6-hour course offers a comprehensive training which covers everything the **contractors** need to know to manage their **BEAM Plus** responsibilities.

Topics To Be Covered

- Introduction to BEAM Plus
- Registration procedures of BEAM Plus
- BEAM Plus scoring and grading system
- Credits related to Contractor in BEAM Plus
- How contractors comply with BEAM Plus requirements
 - Contractor site practices
 - Electrical and mechanical design
 - Building works
 - Environmental monitoring and audit (EM&A) works
 - Waste management
 - Innovation and additions in BEAM Plus
- Case studies and experience sharing

Learning Outcomes

- Learn about BEAM Plus labelling scheme including its background, objectives, registration procedures, scoring and grading system;
- Learn about the pre-requisites, credits and documents that are needed; and
- Learn about the benefits of green building.

Who Should Attend

This is a perfect course for those seeking to learn about and work on green building projects, particularly those seeking BEAM Plus certification, including contractors, designers, engineers, project managers, project administrators, policy makers, service providers, and any individuals who wish to have a better understanding of green building in general and BEAM Plus specifically.

Course Date & Time

Venue

- Business Environment Council Limited 商界環保協會有限公司, 2/F, 77 Tat Chee Avenue, Kowloon Tong, Hong Kong (close to Kowloon Tong MTR Station Exit C1).

Tutors

- **Mr Tommy Szeto**

Specialist – Green Building & IAQ

BEng (Hons), MSc, BEAM Pro, CEM, MASHRAE

Tommy is a BEAM Professional and evaluates environmental performance of buildings from all aspects, including site selection, materials used, energy efficiency to water use and indoor environmental quality. He is also experienced in energy audit, indoor air quality (IAQ) assessment and HVAC design. He holds a Master degree in Mechanical Engineering.

- **Dr Veronica Chan**

Programme Manager – Education, Specialist – Green Building & IAQ

BSc (Hons), MPhil, PhD, BEAM Pro, MASHRAE

Dr Chan has over 12-year of experience in environmental-related research, consultancy and training at different levels, ranging from higher diploma to postgraduate levels. Her expertise includes monitoring and disinfection of the bioaerosols, health risk assessment, modelling of the indoor air quality (IAQ) pollutants and green building assessment (e.g. BEAM Plus). She has published 40 papers in peer-reviewed international journals and conferences, contributed as an international journal reviewer, and participated in more than 100 IAQ-related and BEAM Plus projects.

About Business Environment Council Limited 商界環保協會有限公司 (BEC)

Business Environment Council Limited 商界環保協會有限公司 (“BEC”) is an independent, charitable membership organisation, established by the business sector in Hong Kong. Since its establishment in 1992, BEC has been at the forefront of promoting environmental excellence by advocating the uptake of clean technologies and practices which reduce waste, conserve resources, prevent pollution and improve corporate environmental and social responsibility. BEC offers sustainable solutions and professional services covering advisory, research, assessment, training and award programs for government, business and the community, thus enabling environmental protection and contributing to the transition to a low carbon economy.

For more information in BEC, please visit www.bec.org.hk.

About BEC Institute of Environmental Education (BEC IEE)

BEC IEE, a division of BEC, provides a platform for companies and individuals, particularly executive and decision makers, to advance their knowledge and develop the expertise necessary for environmental decision-making. BEC IEE also facilitates professional development by promoting quality environmental education through the various environmental education programmes locally and internationally.
