

ISO 14001 Internal Auditing (81905)

This 14-hour course provides the concepts of ISO 14001 and helps participants obtain the knowledge and skills that are needed to interpret the requirements of the ISO 14001 standard, to conduct a successful internal audit of an environmental management system (EMS) and to produce audit findings.

Topics To Be Covered

- Introduce key elements of ISO 14001
- Introduce environmental legislation
- Introduce audit principles, procedures and skills
- Initiate and prepare an ISO 14001 audit
- Carry out an audit, produce audit report and recommend corrective action
- Carry out workshops
- Carry out quiz

Learning Outcomes

- Learn how to use ISO 14001 to conduct an internal EMS audit
- Know how to identify areas that need improvements
- Know how to lead and manage the entire audit process, from planning through reporting the results

About Business Environment Council (BEC)

Business Environment Council Limited (BEC) is an independent, membership-based non-profit organization, established by the business sector in Hong Kong. Since its establishment in 1992, BEC has been at the forefront of promoting environmental excellence by advocating the uptake of clean technologies and practices which reduce waste, conserve resources, prevent pollution and improve corporate environmental and social responsibility. BEC offers sustainable solutions and professional services covering advisory, research, assessment, training and award programs for government, business and the community, thus enabling environmental protection and contributing to the transition to a low carbon economy. For more information in BEC, please visit www.bec.org.hk.

About BEC Institute of Environmental Education (BEC IEE)

BEC IEE, a division of BEC, provides a platform for companies and individuals, particularly executive and decision makers, to advance their knowledge and develop the expertise necessary for environmental decision-making. BEC IEE also facilitates professional development by promoting quality environmental education through the various environmental education programmes locally and internationally.
