

Seminar on Sustainable Forest Management and FSC Certification

(84117)

Hong Kong's construction sector is a major consumer of hardwoods from tropical rainforest. In order to conserve forest resources, the imported timber as well as other wood products are encouraged to be originate from forests with sustainable forest management. The Forest Stewardship Council® (FSC™) certification is one of the certification systems which confirms that timber has been harvested in a sustainable manner.

This seminar, co-organised with **BEAM Society Limited**, gives you the essential knowledge of sustainable forest management, FSC certification and certified products, as well as the assessment criteria for related BEAM Plus credits.

About Business Environment Council Limited 商界環保協會有限公司

Business Environment Council Limited 商界環保協會有限公司 (“BEC”) is an independent, charitable membership organisation, established by the business sector in Hong Kong. Since its establishment in 1992, BEC has been at the forefront of promoting environmental excellence by advocating the uptake of clean technologies and practices which reduce waste, conserve resources, prevent pollution and improve corporate environmental and social responsibility. BEC offers sustainable solutions and professional services covering advisory, research, assessment, training and award programs for government, business and the community, thus enabling environmental protection and contributing to the transition to a low carbon economy. For more information in BEC, please visit www.bec.org.hk.

About BEC Institute of Environmental Education

BEC Institute of Environmental Education (“BEC IEE”), a division of BEC, provides a platform for business managers and decision makers, to advance their knowledge and develop the expertise necessary for environmental decision-making. BEC IEE also facilitates professional development by promoting quality environmental education through various environmental education programmes. For further enquiries or assistance, please contact BEC IEE at beciee@bec.org.hk.

About BEAM Society Limited

BEAM Society Limited is a non-profit organisation which is committed to promote, and develop the BEAM assessment tools, assessing green buildings and training professionals. Our BEAM assessment tools has certified green building developments encompassing over 140 million square feet of space and over 50,000 residential units. On per capita basis, BEAM is one of the most widely used voluntary green building labelling schemes of its kind in the world. Motivate sustainable building across the Asia Pacific, educate our stakeholder and public is what we do.
