

**Mr Mike Kilburn**

Assistant General Manager, Sustainability  
Airport Authority Hong Kong

Mr Mike Kilburn is the Assistant General Manager, Sustainability for Airport Authority Hong Kong (AAHK). He is responsible for developing and implementing AAHK’s “greenest airport” pledge, through its “airport-wide” approach to managing Hong Kong International Airport’s environmental footprint. He is also responsible for evolving AAHK’s sustainability strategy and sustainability reporting process.

Mr Kilburn is Chair-elect of the Airports Council International World Environment Standing Committee and Vice Chair of the Hong Kong General Chamber’s Environment and Sustainability Committee.

Prior to joining AAHK in 2012 he worked in environmental and public policy NGOs in Hong Kong, where he developed policy-level solutions to the city’s challenges around air quality management, biodiversity and land use planning.
